

# Healthcare Coverage for Children

Regular healthcare is important for a child's well being and physical development. Here are a few programs that provide no-cost or low-cost healthcare for children:

**Medi-Cal\*** provides no-cost comprehensive health, dental and vision coverage for children and pregnant women. Eligibility is determined by family size, children's ages and family income. This program is available to eligible U.S. citizens, nationals and immigrants. For a mail-in application, call toll-free 1-888-747-1222.

\*A family whose income is higher than the allowable limits for no SOC Medi-Cal will have a Share of Cost (SOC) based on their income and family size.

**Healthy Families** provides low-cost health, dental and vision coverage for children who are not eligible for no-cost Medi-Cal. Premiums are \$4 to \$17 each month with a maximum of \$51 per family. Eligibility is determined by family size, children's ages and family income. This program is available to U.S. citizens, U.S. nationals and "qualified" immigrant children under age 19. For more information and to request a mail-in application, call toll-free 1-888-747-1222.

**Access for Infants and Mothers (AIM)** provides health insurance for uninsured pregnant women up to 60 days post-partum. To qualify, women must be no more than 30 weeks pregnant, California residents, not eligible for no-cost Medi-Cal, uninsured, and have incomes within AIM guidelines. Women with separate maternity deductibles or co-payments over \$500 may also qualify. For more information, call toll-free 1-800-433-2611.

**Kaiser Permanente Child Health Plan** provides low-cost health care coverage for uninsured children who are not eligible for no-cost Medi-Cal or Healthy Families. This program covers children under age 19 who live within Kaiser Permanente's California service area. Cost varies by county and depends on family size and income. For more information, call toll-free 1-800-464-4000.

Please see other side for income levels for each program. If family size (number of persons in family) exceeds the family size shown, please call the program(s) for more information.

# Monthly Income Levels effective April 1, 2009 - March 31, 2010

## Medi-Cal

Number of People in Family	Pregnant Women and Children to Age 1	Children Age 1 through 5	Children Age 6 through 18
